Ms. Chan

Attached is some information regarding the permit modification appeal for the Tonopah facility.

As I understand, a hearing took place on the County's Motion to Dismiss and that is what the attached order is from. Some issues that were not dismissed will move forward through the appeal process and apparently a hearing is scheduled on those issues in November. I am not sure if there will be an appeal of the recent Board Order dismissing some of the issues.

I have more information on this, as well as on the modification of the Arlington site's permit that I am happy to provide if you have any questions, etc.

Thank you for your time.
